Critter Clippers Pet Grooming  
1350 Grant Road, #12, Mountain View CA, 94940  
650-961-4661 | CritterClippers.net

Notice to Critter Clipper clients, as of 2/5/2019 we have updated our policy regarding the pulling of hair from inside the ears as well as external anal gland expressions. We will now require permission from you and your veterinarian should you request these services for your pet.

There are concerns that having these procedures done at a groom shop rather than a Vet's office may not be the best approach for all pets. If you have any questions regarding these services – please consult your veterinarian.

Please return this form with signature from you and your veterinarian. Our first concern is the well being of your pet. As always we appreciate your business.

~ Critter Clippers Management

I grant permission to perform external anal gland expression on my pet today.

I grant permission to perform ear hair extraction on my pet today.

Signed permission from your vet for us to keep on file
